

Congratulations on your up and coming Wedding day!

I am excited that you chose me to entertain all of your family and friends. I will be sure to make this the best day possible on my end!

Every Wedding Reception that I perform at I customize the entertainment to compliment the Newlyweds. There are 8 main categories but feel free to add more if need be.

Custom Songs:

1. Wedding Party Enters Reception Hall (Names are announced, most people ask for a upbeat happy song)
2. First Dance of the Newlyweds
3. Father & Daughter Dance
4. Mother & Son Dance
5. The cutting of the cake
6. The tossing of the bouquet
7. The tossing of the garter
8. Exit Music (Some people request a certain song be played as their loved ones leave the Reception Hall)

Once again feel free to add more categories if you need to.

Everything in between is usually either quite mellow music as the guest are eating and then high energy - Open Dance floor for all. Any and all of your request will be played. Make sure you get me the list at least 2 weeks ahead of the Wedding.
